Please Read Carefully

We promise you impeccable cleanliness, comfort, and safety for your beloved pet. Play yards are a huge benefit that we provide where other kennels may not. You can request solitary play (as available) or social interaction "play" time with another pet. Only you can authorize this play time with other social pets. However, please know this, "the only predictable aspect with animals is that they are unpredictable". When you give permission for your pet to be with playmates you are taking total responsibility for your pet's safety and actions. Our social interaction unconditional policy is; "If your pet injures another animal or another animal injures your pet, there shall be no claims against any of our clients, employees, or owners, regardless of which animal was the aggressor". Your request for social interaction for your pet must acknowledge that your pet has no known aggressive tendencies and also acknowledge that any social interaction between animals will always be unpredictable. Please initial one section and indicate pet(s) by name.
